

International Connecting Flights : From Arrival to Boarding

Welcome to Japan! Just follow the signs that say "International Connecting Flights."
They make connecting flights at an unfamiliar airport easier.

1 Arrival 2 Security Check 3 Transit Procedure 4 Boarding

Disembark from the plane.

Follow the signs that say "International Connecting Flights."

Signs that say "International Connecting Flights" make connections easier.

Present your airline ticket for your next flight.

Put your carry-on luggage through the x-ray testing machine and go through the metal detector.

⚠ Restrictions on liquid items in hand-carried baggage

No liquids in excess of 100ml may be carried on board all international flights departing from Narita. However, the following items may be carried on as cabin baggage.

- Liquids stored in containers with a capacity not exceeding 100 ml and which may easily fit in a re-sealable, transparent re-sealable plastic bag that has a capacity of not more than 1 liter.
- Medications, baby milk, baby food, special dietary requirements, etc.

For details, please contact your airline company.

— Regarding duty-free goods (Transfer) —

- liquid items purchased in the airside area of Narita Airport.
- × liquid items purchased in Narita Airport before the security check, in the aircraft during flight and in the airport which you departed from.

For passengers with a boarding pass

Check the boarding time as well as the boarding gate number and its location on the flight information board and the floor map.

Spend your free time until 30 minutes before boarding time.

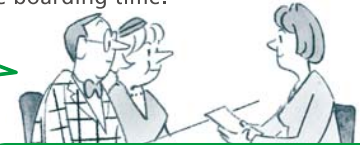

For passengers with no boarding pass

Proceed to the connecting counter of your airline.

Present your airline ticket and passport.

Spend your free time until 30 minutes before boarding time.

What can we do until our next flight?

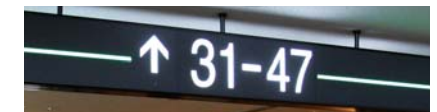

For transit time up to four hours, there are many things to do in the airport. If longer, you can explore outside the airport.

If you have much time to spend before the departure time, check your flight on the flight information board.

TIME	BILL TO VIA	AIRLINE	FLIGHT	AIRLINE	FLIGHT	GATE	REMARKS
