Terminal 2 → Terminal 1

Moving within the Landside Departures Area

Narita Airport has two terminals: Terminal 1 and Terminal 2. The distance between the terminals is about 1.5 kilometers. Check the arrival/departure terminal of your flight with the airline in advance. Some code-share flights may operate from a different terminal than that listed below. Please confirm the correct terminal with the airline in advance.

- Counters from 1 to 5 and 6 to 8 with a mark are connecting flights counters.
- For the details of airline companies, please access Narita International Airport's website.
