

## **Conditions of Contract – Domestic Flight Passenger Service Facility Charges and Other Charges (English translation)**

### **Article 1. Purpose**

At Narita International Airport ("Narita Airport"), operated by Narita International Airport Corporation ("NAA"), domestic flight passengers departing from or arriving at Terminals 1, 2, and 3 (collectively, the "**Passenger Terminals**") (the "**Domestic Flight Passengers**") will be charged Domestic Flight Passenger Service Facility Charges (the "Charges") to cover the expenses for installing and managing facilities in public areas that are open to passengers and are used in connection with domestic flights, automated public announcement and signage-display systems and such other facilities (collectively, the "**Domestic Flight Passenger Service Facilities**"), and for screening domestic flight passengers and their checked/carry-on baggage brought on aircraft for domestic flights at screening facilities, as well as maintaining security within the public areas open to passengers and are used in connection with domestic flights, at the Passenger Terminals. This document sets out terms and conditions relating to the payment of, and other matters relevant to, the Charges.

### **Article 2. Charges**

1. Domestic Flight Passengers who have been issued airline tickets are required to pay the Charges to NAA through airline operators or other entities (the "**Airlines**") by paying an amount equivalent to the Charges that will be added to their airfares when their airline tickets are issued and their airfares are paid. Passengers who have not been issued airline tickets (including passengers who use private aircraft) or passengers who have not paid the Charges upon issuance of their airline tickets for any reason are required to separately pay the Charges through the Airlines by other means.

2. The Charges will apply to each departure from, and arrival at, the Passenger Terminals by Domestic Flight Passengers, and the amounts of the Charges at each Passenger Terminal set out in Article 2.1 are as stipulated below. When applying the Charges, "Adults" relates to Domestic Flight Passengers who are at least 12 years old, while "Children" relates to Domestic Flight Passengers who are 3 years old or older but younger than 12 years old. Domestic Flight Passengers younger than 3 years old are not subject to Charges. However, Domestic Flight Passengers who are younger than 12 years old will be deemed "Adults" if they make use of airline tickets for "Adults." Further, Domestic Flight Passengers who are younger than 3 years old will be deemed "Children" if they make use of airline tickets for "Children."

Domestic Passenger Service Facility Charges (including consumption tax and local consumption tax)

(A) Terminals 1 and 2:

440 yen per Adult

220 yen per Child

(B) Terminal 3:

380 yen per Adult

190 yen per Child

### **Article 3. Exemption**

Notwithstanding the provisions of Article 2, NAA will exempt from the payment of the Charges passengers falling under any of the conditions provided in the Attachment and that have been reported by the Airlines to NAA for exemption from payment of the Charges.

### **Article 4. Reimbursement**

If a passenger who has already paid the Charges cancels a flight departing from the Passenger Terminals or does not arrive at the Passenger Terminals as scheduled, or if reimbursement is deemed necessary by NAA, the reimbursement will be undertaken by the Airlines by reimbursing such Charges on behalf of NAA at the same time that reimbursement procedures are conducted for the airline ticket that the passenger intended to use, or by other means.

### **Article 5. Changes to Conditions**

NAA may make changes to the provisions in this document without prior notice. Domestic Flight Passengers who are issued airline tickets or depart from or arrive at the Passenger Terminals after such changes will be deemed to have consented to this document as amended by such changes and will be subject to this document as amended by such changes.

### **Supplementary Provisions**

1. This document will become effective as of December 10, 2014.
2. The Charges in this document will be applied to all Domestic Flight Passengers who will depart from or arrive at the Passenger Terminals on or after April 8, 2015, except Domestic Flight Passengers who are issued their airline tickets on or before January 14, 2015.
